PAT A. DENNEN
Fire Chief
County Fire Warden

Renaissance Charge,

Jan. 28, 2010

To whom it may concern;

We purchased a charger, model# 1AU for my handheld radios for my firefighters. To this date it has proven very cost effective. I used to have to replace the batteries at least once a year.

I'm trying to rotate out some batteries with our other stations within the San Bernardino County Fire Districts so that we can save money for our budgets.

I'll be contacting Steve Young for any and all additional purchases from your company to obtain any information we may need.

Please feel free to contact me if you have any questions.

Best Regards;
